Inform builders we are considering government
contract for filters with 25X1A [REDACTED]
Company solely to issue DO ratings on condition that
builders can advance funds to meet charges as they
arise.

If this feasible, will authorize you to contract
for entire requirement and issue DO rating to 25X1A [REDACTED]
25X1A [REDACTED] with authority to extend it to subcontractors
and suppliers.

Submit all papers here prior to execution.
